

## New & Featured Products - Week of 11/25

- **Ancestry Freezing Fog Hazy IPA** - Hazy with fruity hop notes of citrus, floral and pine on top of a light malt base with the slight zest of rye (draft & cans available)
- **Ancestry Porter** - This classic American Porter is smooth and has the perfect balance of chocolate malt, with a slight touch of caramel (draft available)
- **Alesong Walnut Ridge Terroir** - Brewed as part of Firestone Walker's collaborative Terroir Project (and the festival we hosted last year), this version of the collaboration is fermented with Pinot Noir grapes grown just up the road at Walnut Ridge Vineyard. After crushing the grapes the old fashioned way using our feet, we allowed them to ferment naturally with a roughly 49/51 blend of grape sugar to freshly brewed wort following the same recipe as our other Terroir Project collaborators, sourcing yeast solely from the microflora naturally occurring on the grapes' skin. This blending of our processes and Walnut Ridge's viticulture results in a unique snapshot of our place and time (draft & bottles available)
- **Alesong Rhino Suit BA Stout** - Rhino Suit was one of the first spirits-barrel-aged beers we released back in 2016, and although we make small tweaks and adjustments each year, that rich and delicious milk stout has been a favorite that, we've returned to again and again. This year's releases walk the line of familiar and recognizable, yet exciting and new at the same time. For this vintage of Rhino Suit we returned to Heaven Hill bourbon barrels - they're not as flashy sounding as some of the other barrels we use, but they never let us down and this year's Rhino Suit is a delicious testament to that consistency. Notes of oak, bourbon and vanilla layer over the deep chocolate base beer, enveloping you in a warm winter blanket of delicious Rhino Suit goodness (draft & bottles available)
- **Alesong Raspberry Commons BA Sour** - Our latest expression of Willamette Valley raspberries, Raspberry Commons gets not one, but two, doses of these luscious berries. Beginning with a blend of mature, amber-colored sour base that we've used previously in our Parliament series, Raspberry Commons underwent a secondary fermentation on exquisite biodynamic raspberries sourced from right next door at King Estate before another year-long maturation in neutral French oak barrels. Unlike Parliament, this version was not finished in stout barrels, but was instead given a second dose of local raspberries from Corvallis' Stahlbush Island Farm at blending. This final touch not only balances the acidity but amplifies the fruit's natural sweetness, allowing the raspberry flavors to burst from the glass! (draft & bottles available)
- **Baumans BA Orchard Blend** - Baked apple, iced oatmeal cookies, red eating grapes (draft available)
- **Baumans Cranberry Cider** - Juicy red cranberries from the Everest family farm in Sixes, Oregon, fermented together with apples from our farm. The tart berries balance the sweetness of the apples, with a splash of fresh apple juice added just at the end. It is sure to brighten your holiday table (draft & bottles available)
- **Bellingham Cider Tips Up Spruce/Cranberry** - Tips Up was made in collaboration with our friends at the Mount Baker Ski Area. This exclusive cider features fresh Cranberries and natural Spruce Tips, perfect for those chilly days on the mountain. Tips Up! (cans & draft available)
- **Bellingham Cider Rye Peach** - Using local barrels from Doc Swinsons spirits in Bellingham, we age our Washington-sourced cider for 6 months to draw beautiful oak and rye-forward complexity. This product showcases the rich essence each barrel offers by combining the expertly crafted spirits with the subtle sweetness and crisp apple notes of our cider as a cocktail-like experience without the high alcohol percentage (bottles available)
- **De Garde Violet Premiere** - A Spontaneous Farmhouse Ale Aged in Oak Barrels with Black & Red Raspberries (draft & bottles available)
- **Lowercase Baroness German Pils** - A German-style Pilsner showcasing Tettnanger hops from Schöre Farm, complemented by "Baroness," our favorite American single-variety barley malt (draft available)
- **Lowercase Helles Vollbier** - Vollbierr or "Full Beer" we took this Mittelfruh-drenched Munich-style literally and added a deep low note of Munich malt to give it an uncommon depth of malt richness. Our coziest Helles yet (draft available)
- **Norte Snowbird IPA** - No need to fly south this winter! We are bringing the flavors of your favorite winter getaways to you in our Snow Bird IPA! The blend of American, German, and Australian hops is full of flavors reminiscent of passionfruit, pineapple, pears, stone fruit, gooseberry, grape, and citrus. The clean and crisp malt bill has a splash of corn to give the malt a kiss of sweetness, which pairs perfectly with the blend of hops and a touch of grapefruit puree. A great way to welcome the oncoming season (draft & cans available)
- **North Jetty Keelhauled IIIPA** - A massively hopped IPA featuring some of the latest innovations in the hop industry, including hop extract for bittering and Cryo hops in the boil. Finished off with a giant double dry-hopping of Simcoe, make no mistake, at 10% ABV and 95 IBUs, it can and will live up to its namesake! (draft available)
- **North Jetty Graveyard of the Pacific Imperial Red Ale** - this beer captures the relentless spirit of this region. Graveyard of the Pacific is a full bodied Imperial Red bursting with aroma and flavor from a hardy dose of Amarillo, El Dorado, Simcoe, and Columbus hops. Citrus sits in the front followed by a hint of passion fruit and floral. Just a touch of earthiness and roast roll over the palate in the malty finish. It's has a beautiful color from the Crystal, Honey, and Chocolate malts (draft available)
- **North Jetty Semper Paratus Porter** - Our Robust Porter is brewed in honor of the women and men of the Coast Guard Station Cape Disappointment and the National Motor

Lifeboat School. A traditional Porter that is full-bodied and full of flavor, but still refreshing and easy to enjoy (draft available)

- **Sig RazzleTan Hard Seltzer** - Fruited hard seltzer with red raspberry and tangerine puree added. Bright juicy red berry fruit with a sweet citrus kick makes this oh so delightful! (draft available)

- **Sig Kohia Sunset Hazy IPA** - named for the Māori passion flower, Kohia, this beautiful hazy IPA pours a vibrant yellow and is kettle hopped with Mosaic hop hash and Citra Incognito hop oil, then DDH'd with Freestyle NZ Kohia Nelson t-90 (which are a blend of passion fruit skins/pulp and Nelson Sauvignon hops, similar to blends that use Fantasm powder derived from grape skins) as well as two different Freestyle SubZero Hop Kief varieties, Motueka and Maui Nelson (again, Nelson Sauvignon but blended with pineapple!). The result is a smooth sailing 7.2% can of yum yum (cans available)

- **Sig Sweet Harmony Imperial Pastry Stout** - thick imperial stout that was boiled for 20 hours creating complex layers of rich and chewy decadence. After fermentation I conditioned the beer on toasted coconut, vanilla beans, and maple syrup creating a harmonious blend of warming bliss. And at 13% abv it'll wrap you up in a warm blanket of booze! (draft & cans available)

- **Sig Grandma Pat's Blueberry Cobbler** - Fruited smoothie ale brewed with oats and lactose and finished on vanilla beans, vanilla ice cream, and blueberry puree. This is one of our old favorites and an easy choice to bring back from our library of fruited beers. 6.1% abv. (draft available)

- **Single Hill Western Front WC IPA** - An ode to the classic American IPA, with a new age twist. Just a touch of traditional piney & resinous flavor, balanced off with tropical & citrus fruit aromas. This old-meets-new combination of hops create something that's familiar... but not too familiar (draft available)

- **Single Hill Sundome WC Pils** - This West Coast Pilsner features a blend of hops ranging from classic American IPA to American Noble to Modern German, giving it complex hop flavors of white peach and grapefruit with an herbal undertone (cans available)

- **Single Hill Dryland Wheat** - This German-Style Hefeweizen has refreshing notes of banana and bubblegum on a light & effervescent base. The traditional German beer of Summer! (draft & cans available)

- **Single Hill Duplicator Doppelbock** - Deep amber lager featuring intense malt character of toffee and toasted nuts. Perfect for warming yourself in the winter chill (draft & cans available)

- **Single Hill Payday Hazy IPA** - You know that feeling you get when it's payday?.. This beer embodies that. Brewed with a healthy dose of Mosaic, Citra and Talus Cryo, Payday is sure to leave you feeling delighted, fulfilled and ready to hit the town on a Friday night. You can bank on that (draft & cans available)

- **Single Hill Overstory BA Stout** - High above the forest floor, the crowns of mature trees mingle and blend to form the overstory. In this release we blended imperial stout aged barrels that previously held Westland American Single Malt & Peated Whiskey and Woodinville Rye Whiskey. The rich oak and spice flavors from these barrels compliment and balance the intense and full-bodied stout (draft & cans available)

- **Single Hill Parallax BA Barleywine** - This American-Style Barleywine spent 10 months in Westland Distillery American Single Malt Whiskey barrels, picking up oak, vanilla, and spice notes. With huge flavors of toffee and caramel, Parallax is smooth and strong, with a hint of warming character (draft available)

- **Trap Door Winnemucca or Bust WC IPA** - Bursting with fruity character, this IPA is designed to showcase Chinook hops in a fresh new way. Let this adventurous IPA reshape your perception of an American classic (draft available)

- **Trap Door Czech Pilsner** - Czech-style Pilsner brewed with locally grown and malted LINC Francin pilsner malt, Czech lager yeast, and Czech Saaz hops. Floral, spicy, and crispy while having a good malt expression as any great Czech pale lager should (draft available)

- **Trap Door Thank You 9th Anni Hazy IPA** - We brewed this special edition of THANK YOU with Nelson, Motueka, and Citra to say thanks for 9 years! (draft & cans available)

- **Triceratops RevMo Coffee Stout** - Working with our friends at Olympia's Revival Motors & Coffee Company, we added complex, full-bodied, cold brew Arabica coffee from Caffè Umbria to our award-winning Milk Stout recipe for a balanced beer with creamy sweetness, plenty of medium dark roast flavor, and a sessionable ABV. Crack open a can and taste for yourself what the buzz is all about! (draft & cans available)

- **Triceratops Mrs Vorhees PB Stout** - Just in time for the fall season. The combination of peanut butter and salted caramel makes this imperial milk stout a real treat. Meanwhile, the selected specialty malts give it a nice, roasty backbone (draft available)

- **Triceratops Shaggy Pachyderm Hazy IPA** - This Hazy IPA is brewed with Citra, Amarillo, and Simcoe. Which packs it full of stone fruit, orange, grapefruit, and sweet fruit goodness. Coming in at 7% ABV this is sure to please in a big way (draft available)

- **Triceratops "You Don't Shovel Rain" Winter Warmer** - This winter warmer ale is the perfect brew to keep you cozy during those chilly nights. With rich malt flavors, and coming in at 8.8% ABV, it's sure to wrap you in a blanket of warmth and comfort (cans & draft available)

- **Zoiglhaus The Collab that Works IPA** - Collaborations are only as good as the brewers involved. This one is put together by a group of friends/colleagues/folks who truly appreciate the ways we approach brewing. With over a century of combined experience in the craft beer industry, the four folks from Zoiglhaus and Gigantic sitting around the table came up with 'The Collab That Works': A West-Coast IPA with a clean, crisp malt bill brimming with hop flavors and aromas. The malts are biscuity and crackery clean while the hops provide notes of cotton candy, candied orange, tropical fruits, fresh citrus, and mango as well as hints of black tea and black pepper (draft & cans available)

## Current Inventory - Week of 11/25

Products listed in RED are currently OUT OF STOCK.

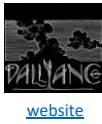

Products listed in GREEN are NEW IN STOCK.
