## New & Featured Products - Week of 1/13

- **Aass Juleol Winter** - this winter beer is a chestnut brown beer with a strong aroma of roasted grain, malt and fruit. The beer has a rich taste with distinct sweetness and balanced bitterness. This beer is brewed with 6.5% alcohol to maintain the original winter beer taste (draft & cans available)
- **Baumans Early Bird** - First Gravenstein juice of the year's harvest, fermented dry and backsweetened with juice (draft available)
- **Bellingham Cider Tips Up Spruce/Cranberry** - Tips Up was made in collaboration with our friends at the Mount Baker Ski Area. This exclusive cider features fresh Cranberries and natural Spruce Tips, perfect for those chilly days on the mountain. Tips Up! (cans & draft available)
- **Future Primitive Pink Boa IPA** - Once again we teamed up with our good friends from Pink Boa to craft a fantastic rockin IPA. Looks for notes of citrus, tropical fruits and a mojito lime zest. Slightly hazy with a clean finish (cans & draft available)
- **Future Primitive Dark Present Imperial Stout** - Just in time for the cold winter months and holidays ahead. The Dark Present is a bold, complex Oatmeal Stout that showcases notes of chocolate, coffee, toffee and deep roasted malt. Amazingly drinkable but enough abv to keep you warm (draft available)
- **Future Primitive Number Six Barleywine** - Our annual barrel-aged barleywine release. Help us celebrate our sixth year anniversary with this extraordinarily complex barleywine. Blended from six years of barrel-aged barleywines. Warm notes of vanilla, dark chocolate and toffee (cans & draft available)
- **Hetty Alice Vienna Lager** - Pours like golden honey with snow white foam. Aromas of red apple, cardamom and fresh brioche precede delicate flavors of lemon marmalade, lavender and rye before a soft, effervescent finish (cans available)
- **Hetty Alice Czech Dark Lager** - Double Decocted to showcase a rich blend of European malt, Dark Lager pours a luminous mahogany with whipped khaki foam. Aromas of chocolate mousse, sourdough and fig precede delicate flavors of nougat, raisin and warming spice before a crisp, continental finish (draft & cans available)
- **Hetty Alice Peacharine! Hazy IPA** - The latest in our series of small batch, draft-only pilot brews showcasing new hops and hop products, Peacharine Hazy IPA is named for a brand new hop variety out of the breeding program at Freestyle hops in New Zealand, and boy does it deliver on that name. Pours like a misty first light with snow white foam. Huge peach rings and POG juice overwhelm the aroma, and precede big juicy flavors of ripe nectarine, tangerine, lime zest and pine. The finish is long and deeply satisfying. 7% ABV 100% Juicy (draft only)
- **Hetty Alice Pow! Hazy IPA** - Pours a joyous cantaloupe with dense white foam. Aromas of Orange Julius, Mango and fresh strawberry precede long flavors of blueberry, pineapple and english muffin before a soft, round, pithy finish. Dry Hopped at over 5lbs/bbl with Strata, Citra and Mosaic. 6.8% ABV 100% Juicy "Like pink clouds at dusk or the darkness at dawn, one more sip, and Pow! it's gone." (draft & cans available)
- **Hetty Alice Zest Coast IPA** - It's easy for us Oregonians to forget that Winter is citrus season. Zest Coast IPA is here to remind us. Every January Gavin personally selects the freshest, juiciest and most fragrant pieces of citrus that Sheridan Fruit Co has to offer, zests them all by hand, and adds the Zest as if it were a dry hop. The Zest accompanies an actual dry hop of Citra (duh) and Idaho 7 into a clean, easy-drinking, West Coast IPA base. This year, a combination of Satsuma and Sumo mandarins, Navel Oranges, Oro Blanco Pomelos, Honey Tangerines and one Ruby Red Grapefruit all made the final blend. The result is a beautiful, refreshing, beery ode to this lovely family of fruits. Pours like a glass of sunshine with sturdy white foam. Fresh fruit aromas abound. Tangerine, mandarin, pineapple and yuzu precede playful flavors of white gummy bear, tang, kumquat and pamplemousse before a lovingly warming, dry, lemony finish. 6.6% ABV 100% Choice (draft & cans available)
- **Hetty Alice X Coava Coffee Roasters - Coffea Golden Stout** - We've long-admired Coava's innovative and relentless pursuit of quality, and were over the moon to work with them on this unique and decadent beer. Joy Piersma, Coava's legendary Cold Brew Production Manager and Roaster led the charge as we began with a cupping and built the beer around the beans. The idea was to create a beer that was rich enough to compliment the bolder flavors the coffee had to offer, yet soft enough to allow the more delicate and fruity aspects of the cold brew to shine through. The result is a mouth circus of creme brulee, dried fruit, baker's chocolate and mousse. Coffea is the elegant latin name for the coffee plant. Pours liked toasted honey with Cappuccino foam. Chocolate covered fruit leaps from the glass, while toffee and espresso linger nearby and precede flavors of creme brulee, blueberry, cognac and chocolate mousse. The finish is long and lingering with a kiss of bourbon-spiked Coffee on a cold day. 8.2% ABV 100% Smooth (draft & cans available)
- **Little Beast Czech Pils** - Our Czech-Style Pilsner is a simple and true-to-style lager, brewed with Bohemian malts and Czech-grown Saaz hops. This beer has toasted biscuit and bready malt flavors, a classic spicy hop character, and a refreshingly crisp finish. Fermented with a traditional Czech lager yeast used by brewers in the Prague area (draft & cans available)
- **Little Beast Third Bird Oatmeal Stout** - Smooth and soft with subtle notes of coffee and chocolate, this oatmeal stout is a fine choice any time of day, whether you're an early bird or a night owl (draft & cans available)
- **Little Beast Mr Nice Passionfruit Sour** - This sour ale is made with a combination of two distinct fermentations. We included a good amount of wheat in the malt bill for that fluffy, biscuit character. It complements beautifully with a healthy addition a passionfruit. Be nice and keep it cool (draft & cans available)
- **Little Beast Electric Midnight Blackberry Sour** - Bold, tangy, and bursting with character, this naturally soured beer with real blackberry and lemon packs a rich, fruity punch that lights up the night (draft & cans available)
- **Little Beast Pinetop WC IPA** - This classic PNW IPA, packed with Centennial, Mosaic and Chinook hops will have you seeing trees. With aromas of pine and resin, lush notes of grapefruit and a subtle woody character it's a delicious view from up here (draft & cans available)
- **Little Beast Dear Giant IIPA** - Loaded with Amarillo, Cascade and Sabro hops and a malt profile to balance it out. Dry hopped with Cryo Simcoe, Cryo Azacca, Cryo El Dorado, Mosaic and Spectrum Citra CO2 extract. A tropical, citrus, and resinous delight for any hophead (draft & cans available)
- **Little Beast Green Queen WC IPA** - Jam packed with piney and citrus qualities. A medium hop assertiveness and notes of grapefruit, lemon, pine, and melon derived from a hop bill full of Cascade, Centennial, and Citra hops, and enhanced with Cryo Centennial and Lemondrop Lupulin (draft & cans available)
- **Living Haus Ethel Hazy IPA** - We have been brewing beer with our best buds from this upcoming Seattle brewery for close to a decade now. It only seemed right to create something honny and pillowy with them. Pilsner, malted oats, and wheat malt meet Nelson, Citra, Elani, and Amarillo hops for a soft blanket of tropical

create something hoppy and pillowy with them. Pilsner, malted oats, and wheat malt meet Nelson, Citra, Liam, and Amarillo hops for a soft blanket of tropical aromas and flavors. Cheers to our friends (cans only)

- **Living Haus Steve Shankbier** - Double Elbow makes all their lagers with American ingredients and European techniques. Cold Stream Steffi pilsner malt grown in Washington and US Tettnang hops grown at Goschie farms here in Oregon give us notes of hay and white bread crust in the nose with herbal and white pepper flavors in the finish (draft only)

- **Living Haus Babi Dark Czech Lager** - Babi is a Czech Dark Lager, or Černé Pivo as the Czech say. Pilsner, Vienna, and a little roasted malts were decocted in the mash to provide more malt depth. We then hopped this beer with only the finest Czech saaz and the results showcase notes of cracker, roast, and cola with a spicy saaz aroma (draft & cans available)

- **Living Haus Frank w/ Lime Mexican Lager** - This festive version of Frank, our Mexican lager, was treated with a bit of lime zest to give it a familiar flavor profile we all love. If this isn't the perfect beer for winter in the Pacific Northwest we don't know what is. Salud! (draft & cans available)

- **Living Haus Quint WC Pils** - This beer has us dipping our toes into the snappy and happy waters of west coast pilsner and we're all in. Mosaic, Strata, Waimea, and a dash of Spalter select hops showcase cranberry and strawberry along with grapefruit and lemon peel vibes. Pilsner and Vienna malts help support this crushing hop forward beer (draft & cans available)

- **Lowercase Pastoral Pale Lager – Hildegard Collab** - A German-Style Pale Lager that features Elwha River Spelt. Hopped with Hallertau Mittelfruh and Saphir, then seasoned with Hildegard wild ale in the whirlpool (draft & cans available)

- **Lowercase French Pilsner** – An ode to the French Strisselspalt... a cult classic beloved by lager brewers, it's time to bring this hidden gem into the spotlight and celebrate its lovely character (cans available)

- **Sig Sweet Harmony Imperial Pastry Stout** - thick imperial stout that was boiled for 20 hours creating complex layers of rich and chewy decadence. After fermentation I conditioned the beer on toasted coconut, vanilla beans, and maple syrup creating a harmonious blend of warming bliss. And at 13% abv it'll wrap you up in a warm blanket of booze! (draft available)

- **Sig Mosaic Pale Ale** - Our staff (and fan) favorite Mosaic Pale Ale is back and in cans! Brewed with 2-row barley, un-malted wheat, flaked oats, and a touch of honey malt, this beer is brewed with and dry hopped exclusively with Mosaic hops in both cryo and oil form (cans available)

- **Sig Robust Porter** - Classic British style robust porter brewed with Maris Otter, Pale Chocolate, Special B, Roast Barley, flaked barley, and Pale Crystal Malts. Starts with a distinct roast character on the tongue which quickly evolves into a full bodied wave of smooth and inviting malt character (draft available)

- **Sig Foster the Bananas Dessert Ale** - Rich and decadent ale brewed with Mecca Grade Estate Malt pilsner and Opal 22 + Opal 44 malts. Fermented with a Bavarian Heff yeast that has been gene edited to remove any clove phenolics allowing the ripe banana esters to shine through. After fermentation the beer was conditioned on vanilla extract, cinnamon sticks, banana extract, and dark rum flavoring creating a full bananas foster dessert experience in a glass! (draft available)

- **Sig Zumo Wrestling WC IPA** - West coast IPA brewed with Mecca Lamonta Pilsner malts along with a touch of Mubich and un-malted rye. Kettle hopped with Zumo, a newer hop variety that exudes heaps of beautiful citrus characteristics from lime zest to bright orange juice. After fermentation with a yeast strain known for kicking off a vibrant passion fruit note, this beer was DDH'd with more Zumo plus AU Galaxy to pop that citrus note into a distinctly vibrant tropical direction! (draft available)

- **Sig Vista Point Pale Ale** - American Pale Ale brewed with Pilsner, 2-Row, Oats, Un-Malted Red Wheat, and Light Crystal malts. Kettle hopped with Michigan grown Vista hops and DDH'd with MI Vista and WA Mosaic. Waves of tropical fruit, melon, pear, and a dash of green tea round out the aroma and flavor profile (draft available)

- **Single Hill Sundome WC Pils** - This West Coast Pilsner features a blend of hops ranging from classic American IPA to American Noble to Modern German, giving it complex hop flavors of white peach and grapefruit with an herbal undertone (cans available)

- **Single Hill SummitView Amber Lager** – This amber lager is light and smooth with notes of bread crust and crackers (cans available)

- **Single Hill Solace Porter** – It's always in the last place you look. This porter showcases roasted malt flavors from chocolate to coffee while staying dry and easy on the palate (draft & cans available)

- **Single Hill Raspberry Thief Sour** - An artful and tartful explosion, this fruited sour is loaded with Raspberry, giving the beer a pink hue and a refreshing, tart bite (draft & cans available)

- **Single Hill Overstory Rye Reserve Stout** - High above the forest floor, the crowns of mature trees mingle and blend to form the overstory. In this release we blended imperial stout aged barrels that previously held Woodinville Rye Whiskey. Rich notes of spice and oak comingle with the intense and full-bodied stout, resulting in a finished beer that is smooth on the palate, but exploding with flavor (draft & cans available)

- **Single Hill Skybreak Stout** - American single malt whiskey barrel-aged imperial stout infused with decadent dessert ingredients. Evokes a sweet and complex Mayan hot chocolate. Ceylon cinnamon, dried ancho chiles, Madagascar Vanilla and Dominican cocoa nibs (draft & cans available)

- **Single Hill Softly Falls Stout** - Peated American single malt whiskey barrel-aged stout, blended with fresh stout and infused with decadent dessert ingredients. Evokes a rich s'more around a campfire. Made with Graham Cracker, Madagascar Vanilla, & Dominican Cocoa Nibs (draft & cans available)

- **Single Hill Moonstruck Stout** - This black ale features pronounced roast notes and a smooth coffee & cocoa backbone (draft & cans available)

- **Trap Door HoliDANK Double WC IPA** - hopped with Simcoe, Mosaic, Chinook, Columbus and Centennial hops. This 8.5% ABV will help keep you warm during winter patio season! (draft available)

- **Trap Door State of the Art XPA** - it's 5.8% abv using Citra and a new Roy Farms experimental hop 1119. This is the first commercial beer to ever feature this hop, and the event we are pouring it at is hosted by Roy Farms where they'll have several other beers with their other experimental varieties. The beer is crisp with a balanced bitterness, and a nice citrus, fruity, dank hop profile. We get familiar notes from the Citra, and the 1119 expresses as a citrusy, dank note which is almost Columbus like (draft only)

- **Trap Door Superdelic Kief Hazy IPA** - We paired the new, to us, Superdelic hops with our hand selected Citra, Nelson, and a flavor booster of Riwaka Hop Kief to create a heady blend of dank and tropical candy inspired Hazy IPA. We think it's a Knockout! (draft & cans available)

- **Trap Door Normcore WC IPA** - Normcore is an extremely normal IPA - aka an unfiltered West Coast IPA with Nelson Sauvign, Citra, and Idaho 7 (draft & cans available)

- **Triceratops 175 Lager** - We joined forces with our local combat dive team to brew an easy-drinking American lager that's to die for. Coming in at 4.7% ABV and hopped with Hallertau Blanc, this crisp, crushable beer offers appealing notes of grapefruit and white wine (draft & cans available)

- **Triceratops Cascade/Idaho 7 Cold IPA** - a bold and enticing IPA that captures the essence of the Pacific Northwest's hop growing heritage. This Cold IPA showcases the sweet fruit and citrus characteristics of Idaho 7 hops along with classic floral and citrus character of Cascade to enhance its complexity (draft available)

- **Zoigl Porter** - During his studies at the VLB in Berlin in the late 1990s, our Brewmaster was very surprised to learn that Porters were brewed at the University Brewery up into the 1980s. It seems like a very non-German style, but with some lager fermentation adjustments and German ingredients, it suddenly feels very familiar. Rich malt flavors of chocolate, toffee, and coffee dominate this very smooth lager. Prost and cheers! (draft available)

- **Zoigl/Level Walking on Sunshine IPA** - Hanging out with good friends makes everything better. Laughing around a table while thinking up your next adventure creates some crazy ideas, like this collaboration. Walking on Sunshine IPA brightens your day with a crisp malt bill from the German Pilsner malt while brimming with hop flavors and aromas. The Centennial, Chinook and Simcoe hops provide citrus, woody, floral, and fruity aromas. Bring your balloons and come Walking on Sunshine with us! (draft & cans available)

## Current Inventory - Week of 1/13

Products listed in RED are currently OUT OF STOCK.

Products listed in GREEN are NEW IN STOCK.
