New & Featured Products - Week of 4/6

- **Alesong Old Fashioned BA Strong Ale** - Inspired by the classic cocktail, this year's vintage is our blender's selection of Barleywines aged in 16-yr George Dickel casks. Rich caramel, vanilla, and bourbon-like flavors are accented by a touch of orange peel for the signature garnish. Sip this and imagine a time when news traveled slowly and a leather bound book was your favorite companion (bottles available)
- **Alesong Stonefruit Sonata BA Sour** - A vibrant ode to Oregon summer, this tart ale opens with lush nectarine aroma. Spontaneously re-fermented in an American oak foeder, our blonde, sour ale base rested on whole tree-ripened nectarines from Detering Orchards. Bright, juicy fruit and lively acidity intertwine, while gentle oak and earthy undertones provide a soft, grounding finish (bottles available)
- **Alesong Java Suit BA Coffee Stout** - This blend of Imperial Milk Stouts was aged in 10-yr Henry McKenna bourbon barrels and finished on hand-selected Brazilian coffee beans from local artisans as Equiano Coffee. Notes of vanilla and dark chocolate couple with sweet caramel and roasted chestnut character to create a combo that wraps you in a hug like morning java and a warm blanket (bottles available)
- **Alesong Farmhouse Fusion BA Saison** - For a modern twist on an old-world style, we blended a fresh, hop forward saison with our favorite foeder of brett saison. The new saison bursts with citrus from a healthy dose of Nectar, Cascade, and Citra, and we finished the blend with a dry hop of Audacia, Strata, and Dolcita. Enjoy the best of both worlds-vibrant hop aroma and complex brett and oak character (bottles available)
- **Baumans Porters Perfection** - Porter's Perfection shines with all of its bittersweet glory in this zingy, fruity nectar. Notes of lemons and a slight green olive brininess are held aloft on a cushion of well-integrated tannins that leave you thoughtful and unhurried (draft available)
- **Baumans Boysenberry Lemonade** - Luscious Bauman's Boysenberries beautifully blended with fresh-squeezed lemon juice and zest for a refreshing semi-sweet fruity cider (draft & bottles available)
- **Future Primitive Dark Lager** - Soft on the palate, this deep mahogany dark lager is expressive and demure, aligning light roast coffee with citric effervescence and a clean finish for a truly session-worthy drinking experience (draft & cans available)
- **Future Primitive Everyone Counts Hazy IPA** - This light-bodied, full-flavored IPA is packed with a cohesive and complimentary blend of Helios, Nelson Sauvin, Mosaic, and Citra to produce a symphony of tropical fruits, white wine, and a splash of citrus. Up With People! (draft & cans available)
- **Garden Path Spon Ferment Raspberry Haskap Wild Ale** - A single, select barrel of spontaneously fermented beer from our fifth season refermented on locally grown Raspberries & Haskap, conditioned with local honey and young, actively fermenting spontaneous beer from our sixth season (draft & bottles available)
- **Gigantic Marionberry Lemon Tart** - A vibrant kettle sour that captures the delightful fusion of ripe Oregon marionberries and lemon citrus. Fruity and refreshing, it cascades into your glass with a mesmerizing hue that captivates the senses (draft & cans available)
- **Gigantic Bomb Cyclone Hazy IPA** - A powerful rush of juicy citrus and ripe tropical fruit bursts forward from El Dorado, Grungeist, and Citra hops, building intensity fast. Soft, rolling tropical haze fills the palate. You're swept up in the storm of flavor (cans available)
- **Gigantic Tree Shadow Golden** - This golden ale is infused with hand-harvested cedar boughs gathered deep in the woods. Gentle aromatics of fresh-cut cedar, paired with resinous and soft citrusy hops, carry a forest-like calm. Brewed for SheBrew by the women of Gigantic (cans available)
- **Gigantic Spirit Bomb WC IPA** - Behold the luminous Spirit Bomb, a radiant golden brew suffused with the intensity of Citra and Lemondrop hops. Bursting with citrusy hop flavors, each sip is an explosive experience, as if channeling the energy of a cosmic gathering (draft & cans available)
- **Hetty Alice Pale Ale** - Pours like a Spring morning with sturdy white foam. Aromas of white grape, pineapple and candied citrus proceed delicate flavors of mango, mandarin and pine. The finish is light, snappy and clean. 6.0%ABV 100% GOLDEN (cans available)
- **Hetty Alice Rewind IPA** - Roll that back // Hetty Alice Rewind IPA is a nod to the classic West Coast IPA that we know and love, made with classic Northwest hops. So put on your favorite cassette tape and enjoy some vintage sips (cans available)
- **Hetty Alice HahaHazy IPA** - Pours like pineapple punch with merenguey white foam. Huge aromas of candied tangerine, white grape and lemon lime soda precede lovely flavors of white peach, mango and pomelo before a pillowy finish. Citra, Citra Cryo, Motueka and Nelson Sauvin (cans available)
- **Little Beast Electric Midnight Blackberry Sour** - Bold, tangy, and bursting with character, this naturally soured beer with real blackberry and lemon packs a rich, fruity punch that lights up the night (draft & cans available)
- **Little Beast Uncharted Territory Extra Pale** - Collaboration with Fort George. Light, juicy, and citrusy on the first sip. Finishes with a smooth bitter essence (cans available)
- **Little Beast Maiden West WC IPA** - Brewed with Citra, Simcoe, and Centennial hops for that beautiful balance of bitterness and malt that we love so much. Dry hopped for a lively orange zest bouquet (draft & cans available)
- **Little Beast Pollywog POG Sour** - Return of our popular release from last year. 300lbs of fruit per batch makes this extra-juicy and awesome. A fruit-forward, sweet-tart showstopper (draft available)
- **Little Beast Reasonable Doubt Hazy IPA** - Latest in our "Law & Order" series of hazies. Hitting hard aroma-wise with Strata, Chinook Cryo and Simcoe HyperBoost (draft & cans available)
- **Little Beast Sunshower WC IPA** - Featuring an extra-special charge of Talus, Simcoe Cryo and Citra Cryo to push the hop character up and over the top. Big pink grapefruit, danky floral notes and a resinous hop mouthfeel (draft & cans available)
- **Living Haus Babi Dark Czech Lager** - Babi is a Czech Dark Lager, or Černé Pivo as the Czech say. Pilsner, Vienna, and a little roasted malts were decocted in the mash to provide more malt depth. We then hopped this beer with only the finest Czech saaz and the results showcase notes of cracker, roast, and cola with a spicy saaz aroma (cans available)
- **Living Haus Red Czech Lager** - This new lager was brewed with Weyermann's Czech grown and malted barleys, which we triple decocted for a malt complexity that just cannot be matched. Layers of Czech Saaz and Spalter Select hops give this beer a balanced finish with just the right amount of hop character (cans available)
- **Living Haus Scully WC Pale** - This pale ale, which you might remember from this last fresh hop season, is loaded with Mosaic, Strata, and Centennial hops. This time we've used our house ale strain to create a bright and snappy version. Brewed with a blend of 2 row. pilsner. and honey malts that lay the foundation for

time we've used our nose and brain to create a bright and snappy version. Brewed with a blend of 2-row, pilsner, and honey, marks that lay the foundation for your taste buds. Sit back as cherry, pineapple, and berry jams creep in to your senses (cans available)

- **Living Haus Hansi Pilsner** - Obelisk Collab - Hansi, an Up Country Pilsner, is our ode to these legends of power metal. We blended some delicious Bamberger pilsner malt with a little To Thee pilsner malt and a sprinkle of German spelt for an expressive malt character that still drinks light and dry. Styrian Gold and Hallertau Mittlefruh hops lend subtle notes of herbal and citrus aromas to this Pilsner (cans available)

- **Living Haus Bumble Coffee Stout** - stout infused with cacao, coffee, oak chips (cans available)

- **Living Haus Nisu Pale** - Sunriver Brewing, Ruse Brewing and Brujos Brewing Collab - For this beer we teamed up to come up with our version of the quintessential PNW Pale Ale. We hope you enjoy it as much as we do. Nisu combines some of each breweries hand selected lots of Oregon grown Strata, Chinook, Mosaic, Strata CGX and Mosaic Cryo hops. Thanks to Indie Hops, Coleman Agriculture, Sodbuster Farms, and Crosby Hops for all the killer hops in this beer. Nisu has a lovely golden hue and a fluffy off white head of foam on it. Big notes of strawberry lime aid and sticky icky purple stuff are balanced by a big orange marmalade and red berry flavor in the finish. Isn't that inviting? (draft & cans available)

- **Living Haus Larry American Lager** - This beer, Larry, is made for hanging out with your buds and celebrating good times. It's an ode to just living life and enjoying the ride, whatever may come of it. While it may be an easy drinking lager beer, it has depth and character that punches way above its weight. Prairie pilsner and Vienna malt, along with classic American grown Willamette hops bring this beer to life in a remarkable way. Larry is crisp and clean with a light golden color that reminds us of our favorite Bavarian beers. The soft and doughy bread flavors are complemented by the light spice and honeysuckle aromas (cans available)

- **Living Haus Toby Cream Ale** - @shebrewpdx is coming up this weekend, so you know we had to bring back Toby, our modern cream ale. Fuck yeah. Our brew team members, Kylie and Lynlee, originally created this absolute crusher of a beer, Toby, for the 10th anniversary of the Shebrew Festival. It's a cream ale and it fucking slaps. Their beer is built upon a base of delicious Pilsner malt and the tiniest bit of flaked corn for a light and dry body. They took a more modern hopping approach with just a skosh of Citra and Amarillo for a light citrus and stonefruit flavor profile. Notes of apricot and lemon balm can be found in the nose with just a hint of dandelion peeking through (draft available)

- **Living Haus Castorini Italian Pils** - This beer has a blend of Saphir, Spalter Select, and Tettang hops with a malt backbone of Pilsner and chit malt. The resulting beer has a bouquet of green tea and jasmine with a slight malty note of water cracker (draft & cans available)

- **Living Haus Miruna WC IPA** - Brujos Collab - This collab, made specifically for their 2nd anniversary, showcases our lots of Citra, Citra Cryo, Krush, Krush Cryo, Riwaka, and Brujos's lot of Galaxy. Tropical notes are over the top in this big WC IPA (cans available)

- **Living Haus Kathy Red IPA** - Pizza Port Collab - Brewed with Westwood Farms Strata hops along with Mosaic and Centennial hops. Kathy has wonderful notes of orange peel and peach skins in the nose with a jammy marmalade flavor and hints of toffee and baker's chocolate on the finish (draft & cans available)

- **Living Haus Marley IPA** - Simcoe, Chinook, and Tangier hops are delicately layered over a blend of 2-row and pilsner malts in Marley, our newest American IPA. Big notes of honeydew and grapefruit up front with pineapple rind and pink starburst in the finish (cans available)

- **Sig MG 20/20 Sour** - Mango and Guava fruited sour ale featuring 48 pounds per barrel of real fruit puree (cans available)

- **Sig Opposite Season NZ IPA** - An ode to our hop loving friends in the southern hemisphere, Opposite Season is brewed with Pilsner, a little wheat for structure, and a kiss of Munich malt. Moderately hopped in the kettle with Rakau and generously whirlpool with Nectarone before a finishing flurry of a dry hop with Superdelic and Nectarone Abstrax. Big tropical and stone-fruit flavors—think nectarine, peach, mango, and pineapple—without the thick, cloudy body of a hazy IPA. This beer stays bright and crisp, with a clean finish and balanced bitterness that keeps it refreshing and easy to drink (draft available)

- **Sig Velvet Orchard BA Stout** - Collaboration with Odd Otter Brewing. This is a blend of 50% 18-month bourbon barrel-aged imperial stout brewed at Odd Otter and 50% stainless-fermented and six-month-conditioned imperial stout brewed at Sig. Conditioned on amburana wood spirals, Brazilian tonka beans, whole vanilla beans from Madagascar and the Congo, then finished on WA grown toasted hazelnuts and dried persimmon (cans available)

- **Sig The Long Sleep: Midnight Roast BA Stout** - Collaboration with Odd Otter Brewing. This is a blend of 50% 18-month bourbon barrel-aged imperial stout brewed at Odd Otter and 50% stainless-fermented and six-month-conditioned imperial stout brewed at Sig. Conditioned on amburana wood spirals, Brazilian tonka beans, whole vanilla beans from Madagascar and the Congo, then finished on locally roasted Mexican single origin coffee from Manifesto (draft & cans available)

- **Sig Pilsner** - Revamped and refreshed, our flagship lager is ready for a wider audience with new labeling and branding. Same tasty beer but built to appeal to a more cost conscience craft beer crowd (draft & cans available)

- **Sig Soft Signal Hazy IPA** - A new hazy IPA built to stick around. Pilsner malt lays the foundation and flaked oats, wheat (both malted and unmalted), and a touch of honey malt build the body. Late kettle hopped with El Dorado and Galaxy, then DDH'd with the same for a tropical juice blast that's sure to appeal (draft & cans available)

- **Sig Pippa's Pivo Czech Pils** - Czech style pilsner brewed with Czech malts and hopped with Saaz. Classic and true to style, it achieves an ideal balance between cracker and bread crust while maintaining a high level of drinkability (draft & cans available)

- **Sig Resin Theory WC DIPA** - A sneaky entry into the 420 tomfoolery, we introduce Resin Theory DIPA, dripping with sticky hops while avoiding being pigeonholed as a "weed beer," which tend to suck IMO. A simple grist of 2-row with dashes of oats and wheat for structure lays the foundation for one of our most complex hop profiles to date. Kettle hopped with CTZ, Chinook, and Cryo Pop for a resinous hit of pine, citrus peel, diesel, and a tropical top off, then DDH'd with Simcoe, Galaxy, and Krush Abstrax to bring this beer full circle with waves of passion fruit, pineapple, and a kiss of dankness (draft & cans available)

- **Single Hill Entropist Juicy DDH IPA** - We're conjuring chaos with this Double Dry Hopped Juicy IPA. Showcasing Citra, Dolcita, and Mosaic hops, Entropist is plush with restrained bitterness and tropical top notes (1/6bbl draft available)

- **Single Hill Shady Grove Stonefruit Sour** - For this fruited sour release, we doubled down on stone fruits. Peaches and apricots bring a big, jammy resonance to the sour, blonde base of this brew (draft available)

- **Single Hill Alien Jazz WC IPA** - A driving rhythm section of pilsner malt holds the tempo while complex hop harmonies give way to notes of ripe tropical fruit and bright citrus. Columbus Cryo, Mosaic, Nelson Sauvin (1/6bbl draft available)

- **Single Hill In Phase Stout** - Dark like a cloudless sky, roasty and full bodied. Perfect for long nights spent gazing at the stars (cans available)

- **Single Hill Tectonic Chronic DDH WC IPA** - Do you smell that smell? It's DDH West Coast IPA with a kick! Tectonic Chronic features the 'big three' American IPA hops and terpenes from Pineapple Express for a huge aroma of pine, grapefruit and something sticky icky (draft available)

- **Single Hill False Prophet Marzen** - Formula Collab - Light copper European lager showcasing bread crust and nutty malt flavors with just a kiss of noble hop aroma (draft available)

- **Single Hill Shinrin Yoku Rice Lager** - Crisp like a mountain breeze, this delicate lager is a perennial favorite for our team and our fans. Take a moment to yourself and commune with your environment (draft & cans available)

- **Single Hill Snowcone Frozen Fresh Hop IPA** - They said we couldn't make a Fresh Hop in the winter... we said 'hold my beer.' Snow Cone is loaded up with YCH CryoFresh Krush and Mosaic to bring you the taste of hop harvest whenever we feel like it (draft available)

- **Single Hill Curious Mind Hazy Pale** - This Hazy Pale Ale is full-bodied and full of tropical hop flavor. 10% of sales of Curious Mind will be donated to support Heritage University in Toppenish, WA (draft & cans available)

- **Single Hill Party Guy Best Bitter** - English-style light amber ale. The quintessential beer for having a few pints at the pub. Brewed in the Parti-Gyle method (draft available)

- **Single Hill Future Echoes WC IPA** - Everything old is new again... Future Echoes showcases a classic trio of Mosaic, Amarillo, and Centennial hops for punchy notes of pine and grapefruit (draft & cans available)
- **Slightly Furry Fluffy Beans Vanilla Cider** - There's a special comfort in squeezing your pet's toe beans. We feel the same way about vanilla beans, taking care to extract the maximum natural flavor that they provide. Enjoy this cider straight up or blend it with one of our other ciders for a unique experience (draft & cans available)
- **Slightly Furry Screechy Peach Cider** - Our goal with this sweet sipper was to capture the feeling of biting into a perfectly ripe peach. Some cultures see peaches as a good luck charm or sign of love. We think they are simply delicious, and the bats think so too (draft & cans available)
- **Stemma Rain or Shine Pale** - A light, zesty and crushable pale made for those sudden spring rainy days (draft & cans available)
- **Terramar Cold Medal IPA** - Crisp and dry cold IPA brewed to celebrate the 2026 Winter Olympics featuring notes of ripe cantaloupe, sweet tangerine, and tropical star fruit with subtle dank/floral undertones (draft available)
- **Terramar Tidal NW Lager** - Our house lager is inspired by the classic German Helles, highlighting our NW terroir with WA-grown malt and hops. Crisp and clean, this easy-sipping pale lager features delicate notes of fresh baked bread and biscuit, with subtle honeysuckle, floral, and citrus hop accents (cans available)
- **Trap Door Eden WC IPA** - With a light malt character this beer let's the hops shine. Vic's Secret, Hallertau Blanc and Galaxy give a complex aroma of tropical fruit, citrus, passionfruit, white wine and fresh herbs. At 7.2% the alcohol helps balance the hop bitterness and light malt characteristic (draft & cans available)
- **Trap Door Blissful Ignorance Hazy IPA** - This NZ hopped hazy IPA has all the tropical funk we love, made using only Nelson hops from two different farms. Freestyle Farms Nelson Bliss is the star of the show which is a blend of early and late harvest Nelson. We get pretty citrus notes alongside the heavier tropical fruit cocktail vibes. This beer is super pale, with a thick haze, and a soft pillowy body and we hope you enjoy it! (draft & cans available)
- **Trap Door DREAM WC DIPA** - This WC DIPA is our entry into the prestigious Alpha King Challenge. We layered Mosaic incognito, Mosaic, and Mosaic Cryo along side HBC 586 and some dank Nelson to create a modern fruit forward IPA that still carried some classic dank bitterness (draft available)
- **Zoigl Hopped to Helles** - Hopped to Helles starts with the Zoiglhaus brewers casting out our Gold-Medal winning Zoigl-Hell. During fermentation we then smite the beer (dry hop) with even more Hallertauer Mittelfrüh and Saaz hops. The spicy and herbal hop aromatics may not be fire and brimstone, but they won't leave you in limbo, either. Noble in nature, devilishly delicious! (draft & cans available)
- **Norte Lime Mexi Lager** - (draft only)
