New & Featured Products - Week of 3/2

- **Alesong Old Fashioned BA Strong Ale** - Inspired by the classic cocktail, this year's vintage is our blender's selection of Barleywines aged in 16-yr George Dickel casks. Rich caramel, vanilla, and bourbon-like flavors are accented by a touch of orange peel for the signature garnish. Sip this and imagine a time when news traveled slowly and a leather bound book was your favorite companion (bottles available)
- **Alesong Stonefruit Sonata BA Sour** - A vibrant ode to Oregon summer, this tart ale opens with lush nectarine aroma. Spontaneously re-fermented in an American oak foeder, our blonde, sour ale base rested on whole tree-ripened nectarines from Detering Orchards. Bright, juicy fruit and lively acidity intertwine, while gentle oak and earthy undertones provide a soft, grounding finish (draft & bottles available)
- **Alesong Java Suit BA Coffee Stout** - This blend of Imperial Milk Stouts was aged in 10-yr Henry McKenna bourbon barrels and finished on hand-selected Brazilian coffee beans from local artisans as Equiano Coffee. Notes of vanilla and dark chocolate couple with sweet caramel and roasted chestnut character to create a combo that wraps you in a hug like morning java and a warm blanket (draft & bottles available)
- **Alesong Farmhouse Fusion BA Saison** - For a modern twist on an old-world style, we blended a fresh, hop forward saison with our favorite foeder of brett saison. The new saison bursts with citrus from a healthy dose of Nectarone, Cascade, and Citra, and we finished the blend with a dry hop of Audacia, Strata, and Dolcita. Enjoy the best of both worlds-vibrant hop aroma and complex brett and oak character (bottles available)
- **Baumans Porters Perfection** - Porter's Perfection shines with all of its bittersharp glory in this zingy, fruity nectar. Notes of lemons and a slight green olive brininess are held aloft on a cushion of well-integrated tannins that leave you thoughtful and unhurried (draft available)
- **Baumans Elviras Currant Obsession** - seduces with dark fruit and earthen depth. Blood red, tart, and wickedly smooth, this cider is built for anyone who prefers a little bite (750ml bottles available)
- **Baumans 10th Anniversary Cider** - This anniversary cider brings together our estate apples with a few bright stars... Reine des Pommes, Porter's Perfection, Yarlington Mill! A decade's worth of learning in every sip (cans available)
- **de Garde The Daily Wild Ale** - A spontaneous wild ale aged in oak, blended from two 6-year-old barrels (draft & bottles available)
- **Future Primitive Agitator Doppelbock** - In keeping with German tradition, this malt-driven dark lager is neither sweet nor bitter; but round, nuanced, and delicately sturdy. Look for toasted toffee, airy chocolate, and light roasted caramel. 7% ABV (draft available)
- **Future Primitive Imperial Rye Stout** - The very cleverly named Imperial Rye Stout is everything you might expect it to be, plus maybe a little more. I think it hits all the notes of winter. It is black as night, rich and creamy, but not heavy. The rye malt and centennial hops lend a playful spiciness, and the chocolate malts round out the bill for a delightful wintry stout. I hope you like it! (draft & cans available)
- **Future Primitive Bestia Mexi Lager** - It's here! After several months of maturing and many more months of planning, this collaboration with our friends The Accused A.D. is ready to pop open and enjoy. Look for notes of sweet corn, lime, and social justice. Martha Splatterhead came back from the dead for this one (draft available)
- **Future Primitive No Cross Black IPA** - This is an ongoing collaboration with Northwest Terror Fest, the PNWs only destination extreme metal festival. Simcoe, Cascade, Amarillo and Columbus meld with Chocolate Wheat Malt to bring unabashed pine tar resin, big coffee notes, and a sharp but balanced bitterness to this NW classic. Turn it up! (draft & cans available)
- **Garden Path Spon Ferment Raspberry Haskap Wild Ale** - A single, select barrel of spontaneously fermented beer from our fifth season refermented on locally grown Raspberries & Haskap, conditioned with local honey and young, actively fermenting spontaneous beer from our sixth season (draft & bottles available)
- **Gigantic Sportsmens Lager** - The perfect companion for the wild, this premium lager is the ultimate reward. Open one to celebrate a trophy catch or a tall tale by the fire (draft available)
- **Gigantic Can You Dig it WC IPA** - Get down with this groove-soaked collab with Ninakasi Brewing. Packed with righteous citrus and tropical vibes from Thora, El Dorado, Krush, Mosaic, and Crystal hops, Now That's what I'm talkin' about! (draft & cans available)
- **Gigantic Marionberry Lemon Tart** - A vibrant kettle sour that captures the delightful fusion of ripe Oregon marionberries and lemon citrus. Fruity and refreshing, it cascades into your glass with a mesmerizing hue that captivates the senses (draft & cans available)
- **Gigantic Spirit Bomb WC IPA** - Behold the luminous Spirit Bomb, a radiant golden brew suffused with the intensity of Citra and Lemondrop hops. Bursting with citrusy hop flavors, each sip is an explosive experience, as if channeling the energy of a cosmic gathering (draft & cans available)
- **Hetty Alice Dry Irish Stout** - Pours in an inky cascade with everlasting off-white foam. Aromas of roasting coffee and baker's chocolate lead to velvety smooth flavors of nougat and cacao before a long, smooth, roasty finish. 5.3% ABV 100% GOODNESS! (draft available)
- **Hetty Alice Giddyup WC IPA** - Pours like a golden ray with puffy white foam. Pomelo, navel orange and apricot precede flavors of peach rings, pineapple and pine. The finish begs another look. 6.4% ABV 100% COWPOKE Featuring Krush, Citra and Strata CGX (draft & cans available)
- **Hetty Alice Krush IPA** - Hop varieties take a minimum of 10 years to develop, and the overwhelming majority of experimental new crosses end in failure. In spite of this, every now and then, a new combination comes along not only with the power to resist downy mildew and verticillium wilt, but also to change the industry forever. Citra, Mosaic, and now Krush all fall into this category. Formerly HBC 586, excitement has been simmering for this new variety for several years, and the first production year did not disappoint. Krush is here to stay. Pours an iridescent blonde with glistening white foam. The first look is all tropical, lychee, guava, and mango aromas preceding peach, cherry and tangerine on the palate before a long pineapple finish (draft available)
- **Hetty Alice SHEESH! Hazy IPA** - Brewed with Pilsner Malt, Spelt and just a kiss of flaked oats to compliment a dry hop of El Dorado CGX, Strata and Idaho 7, SHEESH! pours like papaya nectar with bright white foam. Big playful aromas of Orange Julius, Pineapple candies and Tangelo bound around satisfying flavors of Mango, Strawberry and English muffin before a long fresh grapefruit juice finish. 6.2% ABV 100% SHEESH! (draft & cans available)
- **Hetty Alice Italian Pilsner** - Pours golden straw with a lacey white crown. Aromas of candied citrus, sage and warming spice precede flavors of lemon verbena, fresh cracked pepper and sourdough cracker before a fresh, snappy, lemon-zest finish (cans available)
- **Little Beast Electric Midnight Blackberry Sour** - Bold, tangy, and bursting with character, this naturally soured beer with real blackberry and lemon packs a rich, fruity punch that lights up the night (draft available)
- **Little Beast Probable Cause Hazy IPA** - Our latest in a series of limited-release hazies... some quintessential hop varieties in different formats (Simcoe, Krush Cryo, Citra Hyperboost) with jump-out-of-the-glass aromas and rich fruity esters (draft & cans available)
- **Living Haus Babi Dark Czech Lager** - Babi is a Czech Dark Lager, or Černé Pivo as the Czech say. Pilsner, Vienna, and a little roasted malts were decocted in the mash to provide more malt depth. We then hopped this beer with only the finest Czech saaz and the results showcase notes of cracker, roast, and cola with a spicy saaz aroma (cans available)
- **Living Haus Red Czech Lager** - This new lager was brewed with Weyermann's Czech grown and malted barleys, which we triple decocted for a malt complexity that just cannot be matched. Layers of Czech Saaz and Casktop Select hops give this beer a balanced finish with just the right amount of hop character (cans available)

that just cannot be matched. Layers of Czech Saaz and Spalter Select hops give this beer a balanced finish with just the right amount of hop character (cans available)

- **Living Haus Scully WC Pale** - This pale ale, which you might remember from this last fresh hop season, is loaded with Mosaic, Strata, and Centennial hops. This time we've used our house ale strain to create a bright and snappy version. Brewed with a blend of 2 row, pilsner, and honey malts that lay the foundation for your taste buds. Sit back as cherry, pineapple, and berry jams creep in to your senses (draft & cans available)

- **Living Haus Oswald WC IPA** - Oswald is a light and easy drinking West Coast IPA brewed with a sensible amount of our hand selected Citra hops from @lozafarms Idaho 7 from @jacksonhopfarms and Moutere from New Zealand. Big splashes of raspberry, strawberry candies and fresh cut grass can be found throughout each sniff and sip of this beer (draft available)

- **Living Haus Hansi Pilsner** - Obelisk Collab - Hansi, an Up Country Pilsner, is our ode to these legends of power metal. We blended some delicious Bamberger pilsner malt with a little To Thee pilsner malt and a sprinkle of German spelt for an expressive malt character that still drinks light and dry. Styrian Gold and Hallertau Mittlefruh hops lend subtle notes of herbal and citrus aromas to this Pilsner (cans available)

- **Living Haus Bumble Coffee Stout** - stout infused with cacao, coffee, oak chips (draft & cans available)

- **Living Haus Ruby WC IPA** - Upp Collab - Strata, Krush, Citra, Strata Hyperboost and experimental YCH 803 Krush hop oil combine forces to give us an extremely tropical and red berry aroma with just the right amount of dankness in the finish (draft & cans available)

- **Living Haus Nisu Pale** - In a sea of amazing Oregon brewers, I feel that three breweries are constantly reshaping what a Pale Ale can be, while also holding onto the core essence of this style we all know and love. So for this beer we teamed up with Sunriver Brewing, Ruse Brewing and Brujos Brewing to come up with our version of the quintessential PNW Pale Ale. We hope you enjoy it as much as we do. Nisu combines some of each breweries hand selected lots of Oregon grown Strata, Chinook, Mosaic, Strata CGX and Mosaic Cryo hops. Thanks to Indie Hops, Coleman Agriculture, Sodbuster Farms, and Crosby Hops for all the killer hops in this beer. Nisu has a lovely golden hue and a fluffy off white head of foam on it. Big notes of strawberry lime aid and sticky icky purple stuff are balanced by a big orange marmalade and red berry flavor in the finish. Isn't that inviting? (draft & cans available)

- **Living Haus Mr Feeny Dark Mild** - English pale malt, a little pale chocolate and a blend of light and dark crystal malts give this beer complex layers of toffee, caramel, toasted bread, and delicate roasty notes. We are so pumped to make these delicate little bangers every now and then (draft & cans available)

- **Living Haus Larry American Lager** - This beer, Larry, is made for hanging out with your buds and celebrating good times. It's an ode to just living life and enjoying the ride, whatever may come of it. While it may be an easy drinking lager beer, it has depth and character that punches way above its weight. Prairie pilsner and Vienna malt, along with classic American grown Willamette hops bring this beer to life in a remarkable way. Larry is crisp and clean with a light golden color that reminds us of our favorite Bavarian beers. The soft and doughy bread flavors are complemented by the light spice and honeysuckle aromas (cans available)

- **Sig Hardchata Seltzer** - A lightly sparkling hard horchata beverage, brewed with authentic Mexican horchata ingredients, rice milk, and evaporated milk. Silky smooth with a delightfully sweet cinnamon, vanilla, and milky finish. A perfect option for the fall weather and a lead up to Day of the Dead! (draft available)

- **Sig Lowland Trail Pale** - Extra Pale Ale brewed with 2-row, Pilsner, Vienna, and kisses of Honey malt and Munich. Extra pale, extra crushable. Cascade brings classic citrus, while Tangier (a new proprietary hop from Segal Ranches), Nelson, and Galaxy explode with orange, white wine, and tropical fruit. Bright, aromatic, and gone faster than you planned (draft available)

- **Sig Midnight Plato Dark Lager** - 12 degree black lager brewed with Pilsner malt and 4 specialty dark malts. Hopped with Saaz and Cascade for a classic noble hop profile with a kiss of finishing citrus (draft available)

- **Sig Pilsifer: Riwaka** - Our new American Pilsner dry hopped with NZ Riwaka. This batch is tasting mighty nice with pink grapefruit, gooseberry, pine, and herbal undertones (draft & cans available)

- **Sig Glacial Shift Hazy IPA** - This was a fun one for sure! I held back a bag of Strata Nuvo CGX (basically a proprietary name for Crosby Hop Farms frozen fresh hops) knowing I wanted to get a little taste of FH season in the wintertime. This hazy IPA pours a pale yellow with a soft pillowy body. Kettle hopped with a touch of Galaxy, whirlpool hopped with Strata Nuvo CGX fresh hops, hop dipped with Citra Co2 High Oil Extract, and DDH'd with NZ Superdelic and Aussie Eclipse. Truly showcasing the best of both hemispheres, this beer is a hop saturated symphony bursting with tropical notes with a slice of clementine and a dashing of lychee (draft available)

- **Sig MG 20/20 Sour** - Mango and Guava fruited sour ale featuring 48 pounds per barrel of real fruit puree (cans available)

- **Sig Dad Bod Hazy IPA** - Collaboration with home brewer Kevin Davis from Buckley, WA. Kevin came up with a hop saturated hazy that impressed in the initial round of judging, being one 6 home brewers paired (out of 22 submissions!) up to brew their recipes at local Tacoma craft breweries. Late kettle hopped with Cryo Pop and El Dorado and DDH'd with more of the same. Expect an explosion of tropical fruit ranging from candied mango to pineapple and a soft pillowy body. 7.5% abv. (draft available)

- **Sig Quattuordecuple Hazy QIPA** - Our 14x dry hopped hazy behemoth is back and better than ever! Previous iterations have been fermented with a kveik strain which gave it a signature citrus twang and fermented fast and furious. This batch is, IMO, improved by letting the fermentation take its time in using a New England style yeast strain to do the heavy lifting. Still massively dry hopped with a combination of El Dorado, Citra, Mosaic, Strata, and Strata Abstrax (draft & cans available)

- **Sig Opposite Season NZ IPA** - An ode to our hop loving friends in the southern hemisphere, Opposite Season is brewed with Pilsner, a little wheat for structure, and a kiss of Munich malt. Moderately hopped in the kettle with Rakau and generously whirlpool with Nectarone before a finishing flurry of a dry hop with Superdelic and Nectarone Abstrax. Big tropical and stone-fruit flavors—think nectarine, peach, mango, and pineapple—without the thick, cloudy body of a hazy IPA. This beer stays bright and crisp, with a clean finish and balanced bitterness that keeps it refreshing and easy to drink (draft available)

- **Single Hill Duplicator Doppelbock** - Deep amber lager featuring intense malt character of toffee and toasted nuts. Perfect for warming yourself in the winter chill (draft available)

- **Single Hill DDH Eastside IPA** - Sometimes you just want more. This limited edition Double Dry Hopped Eastside is loaded up with double the hops as our mainstay release. Double the Mosaic, double the Ekuanot, double the Chinook! (draft available)

- **Single Hill Not My Monkeys Hazy IPA** - Juicy, hazy, a supernova of modern hop flavors. Take a left at Saturn and keep on 'til infinity (50L draft available)

- **Single Hill Dessert Stout Mix Pack** - cans & limited 1/6bbls of Skybreak Mocha, Catalyst Coffee & Rye Overstory BA Stouts

- **Single Hill Stormy Monday WC IPA** - You know how it goes; when it rains, it pours. We poured copious quantities of Riwaka hops into this one for a punchy, tropical edge, with a kiss of Krush for even more passion fruit and berry flavor (50L draft available)

- **Single Hill Entropist Juicy DDH IPA** - We're conjuring chaos with this Double Dry Hopped Juicy IPA. Showcasing Citra, Dolcita, and Mosaic hops, Entropist is plush with restrained bitterness and tropical top notes (draft available)

- **Single Hill Groundswell Hazy IPA** - Ride the waves with the 2024 GABF Silver Medal Hazy IPA. Showcasing notes of fruit punch and pineapple, with an easy-drinking body and restrained bitterness (draft & cans available)

- **Single Hill Czech Pils** - Classic Czech lager brewed with Continental Pilsner malts and Czech hops. Complex bready maltiness with a forward noble hop profile (draft & cans available)

- **Single Hill Dog Pile Pale** - We brewed this modern, West-Coast style Pale Ale because... well... we wanted to! Hop-forward, with an easy drinking pilsner malt backbone, Dog Pile is our take on what Pale Ale should be today (draft available)

- **Single Hill Shady Grove Stonefruit Sour** - For this fruited sour release, we doubled down on stone fruits. Peaches and apricots bring a big, jammy resonance to the sour, blonde base of this brew (draft & cans available)
- **Slightly Furry Fluffy Beans Vanilla Cider** - There's a special comfort in squeezing your pet's toe beans. We feel the same way about vanilla beans, taking care to extract the maximum natural flavor that they provide. Enjoy this cider straight up or blend it with one of our other ciders for a unique experience (draft & cans available)
- **Slightly Furry Screechy Peach Cider** - Our goal with this sweet sipper was to capture the feeling of biting into a perfectly ripe peach. Some cultures see peaches as a good luck charm or sign of love. We think they are simply delicious, and the bats think so too (draft & cans available)
- **Stemma Mosaic Single Hop IPA** - The second in our single hop series featuring 100% Mosaic hops. Medium body and mild sweetness give way to juicy Mosaic Hop flavors of blueberries and stone fruits (draft & cans available)
- **Terramar Cold Medal IPA** - Crisp and dry cold IPA brewed to celebrate the 2026 Winter Olympics featuring notes of ripe cantaloupe, sweet tangerine, and tropical star fruit with subtle dank/floral undertones (draft available)
- **Trap Door Members Only Amber Lager** - Formula Collab - Smooth, classic, and malt-forward, Members Only is an American Amber Lager with a rich orange hue and a timeless profile. Low bitterness keeps the focus on malt character, with subtle caramel notes and a strong Munich malt backbone leading the way. The body is smooth and rounded without being heavy, delivering balance rather than sweetness, with hop character intentionally kept in the background. Brewed in collaboration with Formula Brewing out of Issaquah, WA, this marks our first collab with Jesse, a much overdue project rooted in a shared love of amber lagers. Built with crystal, Munich, and pilsner malts, and lightly hopped with Chinook and Columbus to structure the finish (draft available)
- **Triceratops TriceraBAR Pastry Stout** - This killer stout is brewed just in time for the fall season. The combination of peanut butter and salted caramel makes this imperial milk stout a real treat. Meanwhile, the selected specialty malts give it a nice, roasty backbone (draft available)
- **Triceratops You Don't Shovel Rain Winter Warmer** - This winter warmer ale is the perfect Brewing to keep you cozy during those chilly nights. With rich malt flavors, and coming in at 8.7% ABV, it's sure to wrap you in a blanket of warmth and comfort (draft & cans available)
- **Triceratops MPC Lager** - MPC Lager honors the elite Multi-Purpose Canine Unit—heroes whose strength, precision, and heart stand shoulder-to-shoulder with the nation's finest. Crisp and clean, this lager delivers a refreshing finish worthy of the dogs and handlers who charge together into the most demanding missions. Subtle hop notes echo the quiet professionalism of those who work in the shadows, while its bright golden pour reflects the steadfast spirit of our nation's canine
