- **Future Primitive Imperial Rye Stout** - The very cleverly named Imperial Rye Stout is everything you might expect it to be, plus maybe a little more. I think it hits all the notes of winter. It is black as night, rich and creamy, but not heavy. The rye malt and centennial hops lend a playful spiciness, and the chocolate malts round out the bill for a delightful wintry stout. I hope you like it! (draft & cans available)
- **Future Primitive Bestia Mexi Lager** - It's here! After several months of maturing and many more months of planning, this collaboration with our friends The Accused A.D. is ready to pop open and enjoy. Look for notes of sweet corn, lime, and social justice. Martha Splatterhead came back from the dead for this one (draft available)
- **Garden Path Spon Ferment Raspberry Haskap Wild Ale** - A single, select barrel of spontaneously fermented beer from our fifth season refermented on locally grown Raspberries & Haskap, conditioned with local honey and young, actively fermenting spontaneous beer from our sixth season (draft & bottles available)

- **Gigantic Can You Dig it WC IPA** - Get down with this groove-soaked collab with Ninakasi Brewing. Packed with righteous citrus and tropical vibes from Thora, El Dorado, Krush, Mosaic, and Crystal hops, Now That's what I'm talkin' about! (draft & cans available)
- **Jester King Urban Mutation Farmhouse Ale collab w/ Other Half** - Barrel aged ale refermented with Motueka hop infused honey (bottles available)
- **Jester King Harvest of Ashes Hazy IPA** - Hazy IPA w/ Rakau, Riwaka, and Mosaic Cryo, and finished w/ Riwaka & Southern Cross hop kief (draft available)
- **Little Beast Soul Seeker WC IPA** - Indulge your senses with our new, radiant West Coast IPA, Soul Seeker. This golden brew dances to a tropical drum beat with a twist of kumquat. Experience this vibrant brew as you start your journey (draft & cans available)
- **Little Beast Electric Midnight Blackberry Sour** - Bold, tangy, and bursting with character, this naturally soured beer with real blackberry and lemon packs a rich, fruity punch that lights up the night (draft available)
- **Living Haus Babi Dark Czech Lager** - Babi is a Czech Dark Lager, or Černé Pivo as the Czech say. Pilsner, Vienna, and a little roasted malts were decocted in the mash to provide more malt depth. We then hopped this beer with only the finest Czech saaz and the results showcase notes of cracker, roast, and cola with a spicy saaz aroma (cans available)
- **Living Haus Red Czech Lager** - This new lager was brewed with Weyermann's Czech grown and malted barleys, which we triple decocted for a malt complexity that just cannot be matched. Layers of Czech Saaz and Spalter Select hops give this beer a balanced finish with just the right amount of hop character (draft & cans available)
- **Living Haus Patty Lou Hazy IPA** - Collab w/ Human People - Our pals from Seattle worked on this hazy boy with us cause once a year, we try something new here. A simple malt bill of pilsner and chit malt give this beer a soft and full bodied beer with big creamsicle vibes. That pairs wonderfully with the orange whip and soft peach notes of the Luminosa hops we are adding to this beer. Citra, Tim and Andrews favorite hop, adds more candied grapefruit flavors that we think work great for the style (cans available)
- **Living Haus Scully WC Pale** - This pale ale, which you might remember from this last fresh hop season, is loaded with Mosaic, Strata, and Centennial hops. This

- time we've used our house ale strain to create a bright and snappy version. Brewed with a blend of 2 row, pilsner, and honey malts that lay the foundation for your taste buds. Sit back as cherry, pineapple, and berry jams creep in to your senses (draft & cans available)
- **Norte Watermelon Hibiscus Sour** - The flavors are spot on 'kicking it in the shade' with this crisp, refreshing beer. With the deep pink/red color of a watermelon (draft available)
  - **Sig Tropic Like It's Hot Passionfruit, hibiscus, and lemonade Shandy** - This tart and tangy shandy style offering is brewed with hibiscus and finished with a housemade blend of passionfruit lemonade. 3.7% abv (draft available)
  - **Sig Hardchata Seltzer** - A lightly sparkling hard horchata beverage, brewed with authentic Mexican horchata ingredients, rice milk, and evaporated milk. Silky smooth with a delightfully sweet cinnamon, vanilla, and milky finish. A perfect option for the fall weather and a lead up to Day of the Dead! (draft available)
  - **Sig Sigling Amber Lager** - Pennsylvania style Amber lager brewed with pilsner malt, a variety of specialty malts, and corn grits. Sigling offers the perfect balance of malt with superior drinkability (1/6bbl draft available)
  - **Sig Lowland Trail Pale** - Extra Pale Ale brewed with 2-row, Pilsner, Vienna, and kisses of Honey malt and Munich. Extra pale, extra crushable. Cascade brings classic citrus, while Tangier (a new proprietary hop from Segal Ranches), Nelson, and Galaxy explode with orange, white wine, and tropical fruit. Bright, aromatic, and gone faster than you planned (draft available)
  - **Sig Midnight Plato Dark Lager** - 12 degree black lager brewed with Pilsner malt and 4 specialty dark malts. Hopped with Saaz and Cascade for a classic noble hop profile with a kiss of finishing citrus (draft available)
  - **Sig Pilsifer: Riwaka** - Our new American Pilsner dry hopped with NZ Riwaka. This batch is tasting mighty nice with pink grapefruit, gooseberry, pine, and herbal undertones (draft & cans available)
  - **Sig Glacial Shift Hazy IPA** - This was a fun one for sure! I held back a bag of Strata Nuvo CGX (basically a proprietary name for Crosby Hop Farms frozen fresh hops) knowing I wanted to get a little taste of FH season in the wintertime. This hazy IPA pours a pale yellow with a soft pillowy body. Kettle hopped with a touch of Galaxy, whirlpool hopped with Strata Nuvo CGX fresh hops, hop dipped with Citra Co2 High Oil Extract, and DDH'd with NZ Superdelic and Aussie Eclipse. Truly showcasing the best of both hemispheres, this beer is a hop saturated symphony bursting with tropical notes with a slice of clementine and a dashing of lychee (draft available)
  - **Sig MG 20/20 Sour** - Mango and Guava fruited sour ale featuring 48 pounds per barrel of real fruit puree (limited draft & cans available)
  - **Single Hill Payday Hazy IPA** - Your foraging through the beer selection has paid off! This bright and snappy Hazy IPA features Zappa, Talus, and Krush hops for lush, tropical aromas of pineapple and mango. Score! (1/6bbl draft available)
  - **Single Hill Duplicator Doppelbock** - Deep amber lager featuring intense malt character of toffee and toasted nuts. Perfect for warming yourself in the winter chill (draft available)
  - **Single Hill Local Hill Hazy Pale** - Brewed in collaboration with White Pass Ski Resort and Rod's House, Local Hill is our ideal Ski beer. This Hazy Pale Ale is just strong enough to take the chill off, but light in body and alcohol to make the second pint just as enjoyable. Ski Responsibly! (1/6bbl draft available)
  - **Single Hill Magical Creature Hazy IPA** - Our newest Hazy IPA features bold and exciting hops from ~down undah~ to impart a soft bitterness and full flavors of tropical fruit and citrus. Galaxy, Riwaka Cryo, Vic Secret (1/6bbl draft available)
  - **Single Hill Italian Pilsner** - Crisp like a grissini breadstick, this Italian-Style pilsner showcases old world hops on the nose, with a easy and refreshing pilsner malt base (1/6bbl draft available)
  - **Single Hill DDH Eastside IPA** - Sometimes you just want more. This limited edition Double Dry Hopped Eastside is loaded up with double the hops as our mainstay release. Double the Mosaic, double the Ekuanot, double the Chinook! (draft available)
  - **Single Hill Not My Monkeys Hazy IPA** - Juicy, hazy, a supernova of modern hop flavors. Take a left at Saturn and keep on 'til infinity (1/6bbl draft available)
  - **Single Hill Island Time Sour** - With the recent cold temps outside, it's high time for some tropical island time. Our latest fruited sour was brewed with a healthy amount of Mango & Guava. Fruity, sessionable, quenchable (draft & cans available)
  - **Single Hill Dessert Stout Mix Pack** - cans & limited 1/6bbls of Skybreak Mocha, Catalyst Coffee & Rye Overstory BA Stouts
  - **Single Hill Stormy Monday WC IPA** - You know how it goes; when it rains, it pours. We poured copious quantities of Riwaka hops into this one for a punchy, tropical edge, with a kiss of Krush for even more passion fruit and berry flavor (draft & cans available)
  - **Stemma Mosaic Single Hop IPA** - The second in our single hop series featuring 100% Mosaic hops. Medium body and mild sweetness give way to juicy Mosaic Hop flavors of blueberries and stone fruits (cans available)
  - **Trap Door Blown Up Hazy Trip IPA** - Rated 96/100 on BeerandBrewing.com. TDH Triple Hazy IPA - 10.5# per barrel hops. Brewed Only once per year, Blown Up requires loads, heaps even, of thick and juicy hops backed up by a big body with 30% wheat and oats. Aroma fresh pineapple, and a strong presence of clementines as well as big juicy navel oranges, all accented by some lovely resinous notes. Flavor morphs into bags and bags of over ripe orange, more pineapple and resin to round out this beer making it not overly sweet (1/6bbl draft available)
  - **Trap Door Immortality Hazy IPA** - Immortality is the song that gave birth to the name idea for Trap Door Brewing. Immortality was our first chance to use a newer hop from Segal Ranch named Anchovy. We think its flavors work very well in hazy IPA, and hope to get more of this hop for future uses! We made some slight tweaks to our malt profile to create a very light color and build a big fluffy body without feeling heavy or overwhelming (draft & cans available)
  - **Trap Door Members Only Amber Lager** - Formula Collab - Smooth, classic, and malt-forward, Members Only is an American Amber Lager with a rich orange hue

and a timeless profile. Low bitterness keeps the focus on malt character, with subtle caramel notes and a strong Munich malt backbone leading the way. The body is smooth and rounded without being heavy, delivering balance rather than sweetness, with hop character intentionally kept in the background. Brewed in collaboration with Formula Brewing out of Issaquah, WA, this marks our first collab with Jesse, a much overdue project rooted in a shared love of amber lagers. Built with crystal, Munich, and pilsner malts, and lightly hopped with Chinook and Columbus to structure the finish (draft available)

- **Triceratops TriceraBAR Pastry Stout** - This killer stout is brewed just in time for the fall season. The combination of peanut butter and salted caramel makes this imperial milk stout a real treat. Meanwhile, the selected specialty malts give it a nice, roasty backbone (draft available)

- **Triceratops You Don't Shovel Rain Winter Warmer** - This winter warmer ale is the perfect Brewing to keep you cozy during those chilly nights. With rich malt flavors, and coming in at 8.7% ABV, it's sure to wrap you in a blanket of warmth and comfort (draft & cans available)

- **Triceratops MPC Lager** - MPC Lager honors the elite Multi-Purpose Canine Unit—heroes whose strength, precision, and heart stand shoulder-to-shoulder with the nation's finest. Crisp and clean, this lager delivers a refreshing finish worthy of the dogs and handlers who charge together into the most demanding missions. Subtle hop notes echo the quiet professionalism of those who work in the shadows, while its bright golden pour reflects the steadfast spirit of our nation's canine warriors (draft & cans available)

- **Triceratops NinjaWitch PNW IPA** - NinjaWitch PNW IPA blends stealth and sorcery into one bold, aromatic spell. Brewed with a fierce combination of Amarillo and Idaho 7 hops, it unleashes bright waves of orange zest, pineapple, and apricot, sharpened by undertones of resinous pine and a hint of dank mystique (draft & cans available)

- **Zoighaus Child of Saaz Dark Lager** - We thought it would be fun to get all 'Euro-Crazy' on this collaboration with the amazing folks at Threshold Brewing. The malt bill for this single decoction Czech-Style dark lager starts in the UK before crossing to the mainland, where we grabbed various malts from France, Belgium, Germany (our Brewmaster's spiritual heartland) and finally floor malts from the Czech Republic. Threshold supplied the hops from Jarek's native homeland, Poland: the newer varietal Puławski as well as Lubelski, which is a direct offspring from the famed Saaz hop. All told, it is quite the European adventure! (draft available)

- **Zoigl Porter** - During his studies at the VLB in Berlin in the late 1990s, our Brewmaster was very surprised to learn that Porters were brewed at the University Brewery up into the 1980s. It seems like a very non-German style, but with some lager fermentation adjustments and German ingredients, it suddenly feels very familiar. Rich malt flavors of chocolate, toffee, and coffee dominate this very smooth lager. Prost and cheers! (cans available)
