New & Featured Products - Week of 1/12

- **Baumans Cranberry** - Juicy red cranberries from the Everest family farm in Sixes, Oregon, fermented together with apples from our farm. The tart berries balance the sweetness of the apples, with a splash of fresh apple juice added just at the end. It is sure to brighten your holiday table (draft & bottles available)
- **Baumans Porters Perfection** - Porter's Perfection shines with all of its bittersharp glory in this zingy, fruity nectar. Notes of lemons and a slight green olive brininess are held aloft on a cushion of well-integrated tannins that leave you thoughtful and unhurried (draft available)
- **Baumans Cheers to the Land Cider** - Cheers to the Land is a collaboration between Oregon's great craft beverage makers and the Oregon Agriculture Trust (OAT). Our base cider blended with Oregon's own Marys Peak strawberries, grown on our farm. Filtered and lightly back sweetened (cans available)
- **de Garde The Daily Wild Ale** - A spontaneous wild ale aged in oak, blended from two 6-year-old barrels (draft available)
- **Future Primitive Agitator Doppelbock** - In keeping with German tradition, this malt-driven dark lager is neither sweet nor bitter; but round, nuanced, and delicately sturdy. Look for toasted toffee, airy chocolate, and light roasted caramel. 7% ABV (draft available)
- **Future Primitive Raspberry Gose** - Light, snappy, saline, and pleasantly tart. We brewed the un-fruited version of this with Fal Allen of Anderson Valley and are happy to present its pink and very berry reprise. Look for a clean, crisp tartness and a subtle bready finish (draft & cans available)
- **Future Primitive Old No. 7 Barleywine** - We make this beer every winter to commemorate our anniversary, age it for 10-12 months in oak barrels, and then carefully blend it into each previous vintage. The result is an ever-evolving cornucopia of rich, warm flavors. Features elements of cherry, plum, oak, and vanilla. Thank you for helping us celebrate 7 years of beers! 11% ABV (cans available)
- **Future Primitive No Assistance Hazy IPA** - Look for notes of peach, coconut, and vanilla in our latest dive into hops we haven't used before. This time featuring HBC 1019 (aka Dolcita). Get it while you can! 6.4% ABV (cans available)
- **Future Primitive Imperial Rye Stout** - The very cleverly named Imperial Rye Stout is everything you might expect it to be, plus maybe a little more. I think it hits all the notes of winter. It is black as night, rich and creamy, but not heavy. The rye malt and centennial hops lend a playful spiciness, and the chocolate malts round out the bill for a delightful wintry stout. I hope you like it! (draft & cans available)
- **Garden Path Spon Ferment Raspberry Haskap Wild Ale** - A single, select barrel of spontaneously fermented beer from our fifth season refermented on locally grown Raspberries & Haskap, conditioned with local honey and young, actively fermenting spontaneous beer from our sixth season (draft & bottles available)
- **Gigantic Glow Cloud Hazy IPA** - Just like one cloudy day leads to the next, our hazy IPA has changed again - tweaked to feature mosaic hops with a lighter malt character. Still super juicy, super soft and fluffy, this IPA is loaded with mosaic, simcoe and crystal hops creating citrusy, tropical and dank deliciousness. Tasting notes: Grapefruit, Loquat, Orange, White mulberry. 7% ABV, 65 IBU's. Color: Hazy Gold (draft & cans available)
- **Gigantic Party Wave Tropical IPA** - Ride the flavor swell with Party Wave Tropical IPA -- a juicy, sunshine-soaked burst of tropical fruit in every sip. It's the perfect beer for beach days, backyard hangs, and chasing that endless summer vibe (draft & cans available)
- **Jester King Urban Mutation Farmhouse Ale collab w/ Other Half** - Barrel aged ale refermented with Motueka hop infused honey (bottles available)
- **Jester King Harvest of Ashes Hazy IPA** - Hazy IPA w/ Rakau, Riwaka, and Mosaic Cryo, and finished w/ Riwaka & Southern Cross hop kief (draft available)
- **Little Beast Electric Midnight Blackberry Sour** - Bold, tangy, and bursting with character, this naturally soured beer with real blackberry and lemon packs a rich, fruity punch that lights up the night (draft available)
- **Little Beast Usual Suspects Hazy IPA** - Golden, opaque, dank and delicious. 'Modern classic' hops (Mosaic, Cryo Amarillo, Cryo Citra, Citra Hyperboost) impart heady tones of citrus, mango, stonefruit and diggity dankness. Don't let this one get away! (draft & cans available)
- **Living Haus Archie WC IPA - Everywhere Collab** - Nelson, Krush, Citra and Riwaka Amplifire oil give us big a big whiff of dank ganja initially. Then the avalanche of pink starburst, mango juice, passionfruit and subtle resin come in and blow us away (draft available)
- **Living Haus Baby Shay Oatmeal Stout** - An easy drinking oatmeal stout, featuring notes of cocoa, roast, and soft caramel (draft available)
- **Norte Watermelon Hibiscus Sour** - The flavors are spot on 'kicking it in the shade' with this crisp, refreshing beer. With the deep pink/red color of a watermelon (draft available)
- **Shonramer Pilsner** - Our pilsner is much more hopped and at the same time slimmer than many other representatives of the style. As with all our beers, we only use exquisite Bavarian aroma hops. And you can taste or smell it. Because despite the 45 bitter units, our pilsner never seems scratchy or lingering bitter but always remains harmonious and ends with a finely lingering bitterness. Most recently, it was awarded gold at the European Beer Star in 2025, making it World Champion in the German Style Pilsner category (draft available)
- **Shonramer Helles** - Our Helles is a real classic and fits every occasion. Balanced, uncomplicated and at the same time elegant thanks to the sophisticated hop additions. So, it rarely remains with just one (draft available)
- **Shonramer Gold** - The Schönrämer Gold is a strong festival marzen. It captivates with its full body and fine hop aromas. This combination makes it particularly palatable and makes you forget that it has a whopping 5.7% alcohol (draft available)
- **Sig Tropic Like It's Hot Passionfruit, hibiscus, and lemonade Shandy** - This tart and tangy shandy style offering is brewed with hibiscus and finished with a housemade blend of passionfruit lemonade. 3.7% abv (draft available)
- **Sig Hardchata Seltzer** - A lightly sparkling hard horchata beverage, brewed with authentic Mexican horchata ingredients, rice milk, and evaporated milk. Silky smooth with a delightfully sweet cinnamon, vanilla, and milky finish. A perfect option for the fall weather and a lead up to Day of the Dead! (draft available)
- **Sig Old Coal King Oatmeal Stout** - British style oatmeal stout brewed with high color malt and a variety of dark and specialty malts rounded out by a hefty dose of flaked oats. Pours a rich aphotic black with excellent lacing. I'm very excited for this beer and think it'd be the perfect classic stout for the season and should have appeal for not only craft focused spots but also for higher turnaround spots looking for an excellent dark beer (draft & cans available)
- **Sig The Kelpie's Coin Scotch Ale** - Scottish Style 90 Shilling Ale brewed with UK Golden Promise and a variety of crystal and specialty malts. Rich, amber hue, and a very malt forward offering yet delivering excellent drinkability. The name comes from Scottish folklore as the Kelpie is a mythical creature who protects treasure at the bottom of local Loch's while enchanting local sailors to their fate (draft available)
- **Sig Hella Chella Mexican Lager** - Pale Mexican style lager brewed with corn, Pilsner, and Vienna malts and hopped with NZ Motueka to kick in a little lime zest character. Always a big hit! (draft available)
- **Sig Pulling on Push Doors IPA** - American IPA brewed with a super simple grist of Pilsner and Rice with a kiss of dextrin malt for structure. The light malt base allows the hops to be the star of this party, highlighted by McKenzie and NZ Nelson Sauvignon in the kettle and a robust DDH consisting of Citra, Citra Lupomax, Elani, El Dorado,

and Nelson Sauvin. Fermented with an expressive English yeast strain to ensure the hops pop even further (1/6bbl draft available)

- **Sig Simulation Swarm Hazy IPA** - Hazy IPA brewed with a blend of pilsner, 2-row, red wheat, honey malt, flaked and malted oats. Late kettle hopped with Galaxy and Strata, then DDH'd with Mosaic and NZ Superdelic. This beer is packed with all the citrus, sweet fruit, and berry flavors you can imagine (draft available)
- **Sig Sigling Amber Lager** - Pennsylvania style Amber lager brewed with pilsner malt, a variety of specialty malts, and corn grits. Sigling offers the perfect balance of malt with superior drinkability (draft available)
- **Sig Pilsifer: Riwaka** - Our new American Pilsner dry hopped with NZ Riwaka. This batch is tasting mighty nice with pink grapefruit, . gooseberry, pine, and herbal undertones (cans available)
- **Sig Out West IPA** - West coast IPA brewed with Simcoe and DDH'd with Citra and Mosaic. A tried and true brand for us that is ready for a wider audience year round! (draft & cans available)
- **Sig Lowland Trail XPA** - Extra Pale Ale brewed with 2-row, Pilsner, Vienna, and kisses of Honey malt and Munich. Extra pale, extra crushable. Cascade brings classic citrus, while Tangier (a new proprietary hop from Segal Ranches), Nelson, and Galaxy explode with orange, white wine, and tropical fruit. Bright, aromatic, and gone faster than you planned (draft available)
- **Single Hill Payday Hazy IPA** - Your foraging through the beer selection has paid off! This bright and snappy Hazy IPA features Zappa, Talus, and Krush hops for lush, tropical aromas of pineapple and mango. Score! (1/6bbl draft available)
- **Single Hill Duplicator Doppelbock** - Deep amber lager featuring intense malt character of toffee and toasted nuts. Perfect for warming yourself in the winter chill (draft available)
- **Single Hill Cold Throw WC IPA** - Pale in color and restrained in bitterness, Cold Throw is a modern West Coast IPA that features notes of mango, white grapefruit, and just a hint of dankness (draft available)
- **Single Hill Berry Thief** - An artful and tartful explosion, this fruited sour is loaded to brim with blackberries, blackcurrants, and raspberries, giving the beer a pink hue and a refreshing, tart bite (draft & cans available)
- **Single Hill Porter** - Take a step into the dark side with this classic, American-style porter. Notes of caramel and black coffee coming on a dry, roast-forward malt base (draft available)
- **Single Hill Local Hill Hazy Pale** - Brewed in collaboration with White Pass Ski Resort and Rod's House, Local Hill is our ideal Ski beer. This Hazy Pale Ale is just strong enough to take the chill off, but light in body and alcohol to make the second pint just as enjoyable. Ski Responsibly! (1/6bbl draft available)
- **Single Hill Magical Creature Hazy IPA** - Our newest Hazy IPA features bold and exciting hops from ~down undah~ to impart a soft bitterness and full flavors of tropical fruit and citrus. Galaxy, Riwaka Cryo, Vic Secret (draft available)
- **Single Hill Italian Pilsner** - Crisp like a grissini breadstick, this Italian-Style pilsner showcases old world hops on the nose, with a easy and refreshing pilsner malt base. (draft & cans available)
- **Single Hill Free Parking Pale** - This one is brewed with Ramosa Hops, a newly released hop from Segal Ranch. Known for aromas of red grapefruit and ripe pineapple, we're showing off Ramosa in this modern, West Coast style pale ale (draft & cans available)
- **Single Hill Hella Trees WC IPA** - Join the trees with this dank, punchy, West Coast IPA. Notes of pine, grapefruit, and pineapple (draft & cans available)
- **Stemma Coffee Oatmeal Stout** - A rich, bold, aromatic coffee stout that reminds us of chocolate chip cookies and a fresh brewed cup of coffee. Brewed in collaboration with Mirror Coffee Roasters of Bellingham (draft & cans available)
- **Terramar Dark Forest Schwarzbier** - Terramar's Dark Forest Schwarzbier is a crisp, German-style black lager, offering delicate notes of cocoa, light coffee, and crusty bread with balanced hop bitterness and a clean finish, perfect for enjoying as a refreshing dark beer (draft & cans available)
- **Triceratops TriceraBAR Pastry Stout** - This killer stout is brewed just in time for the fall season. The combination of peanut butter and salted caramel makes this imperial milk stout a real treat. Meanwhile, the selected specialty malts give it a nice, roasty backbone (draft available)
- **Triceratops JBLM Fire WC IPA** - Named in tribute to my brothers and sisters at Joint Base Lewis-McChord Fire Dept., JBLM Fire IPA ignites the senses with a strategic strike of hops. A true West Coast IPA, this brew hits hard with dank citrus, tropical fruit, and stone fruit aromatics, clearing out any haze—both literally and figuratively (draft available)
- **Triceratops You Don't Shovel Rain Winter Warmer** - This winter warmer ale is the perfect Brewing to keep you cozy during those chilly nights. With rich malt flavors, and coming in at 8.7% ABV, it's sure to wrap you in a blanket of warmth and comfort (draft & cans available)
- **Zoiglhaus Child of Saaz Dark Lager** - We thought it would be fun to get all 'Euro-Crazy' on this collaboration with the amazing folks at Threshold Brewing. The malt bill for this single decoction Czech-Style dark lager starts in the UK before crossing to the mainland, where we grabbed various malts from France, Belgium, Germany (our Brewmaster's spiritual heartland) and finally floor malts from the Czech Republic. Threshold supplied the hops from Jarek's native homeland, Poland: the newer varietal Puławski as well as Lubelski, which is a direct offspring from the famed Saaz hop. All told, it is quite the European adventure! (draft available)
